

Add doctors details using admin

Models.py

```
3
4 class Doctors(models.Model):
5     doc_name=models.CharField(max_length=255)
6     doc_spec=models.CharField(max_length=255)
7     dep_name=models.ForeignKey(Department,on_delete=models.CASCADE)
8     doc_image=models.ImageField(upload_to='doctors')
9
10
11
```

Views.py

```
59
60 def doctors(request):
61     dict_docs={
62         'doctors':Doctors.objects.all()
63     }
64     return render(request, template_name: 'doctors.html', dict_docs)
```

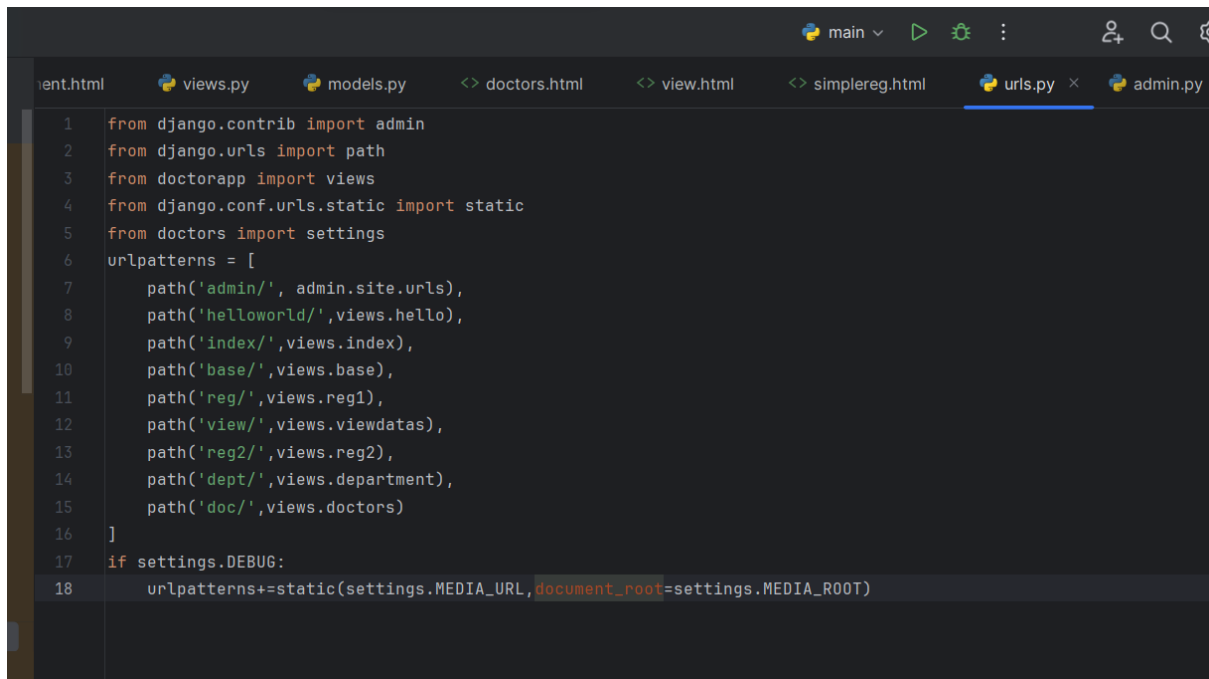

Doctors.html

```
ent.html  views.py  models.py  <> doctors.html x  <> view.html  <> simplereg.html  urls.py
1  {% extends 'base.html' %}
2  {% load static %}
3  {% block hai %}
4  <h1 class="text-center">Our Doctors</h1>
5  <br>
6  <div class="container text-center">
7      {% for d in doctors %}
8          <div class="card text-center mx-3 my-3" style="display:inline-block;">
9              
10             <div class="card-body">
11                 <h5 class="card-title">Dr.{{d.doc_name}}</h5>
12                 <p class="card-text">{{d.doc_spec}}</p>
13                 <h6>{{d.dep_name}} Department</h6>
14             </div>
15         </div>
16     {% endfor %}
17 </div>
18 <br><br>
19
20 {% endblock %}
```

Go to venv install pillow

python -m pip install Pillow

urls.py

The screenshot shows a code editor with a dark theme. The top bar displays the file explorer with tabs for 'ent.html', 'views.py', 'models.py', 'doctors.html', 'view.html', 'simplereg.html', 'urls.py' (selected), and 'admin.py'. The 'urls.py' file is open, showing the following code:

```
1 from django.contrib import admin
2 from django.urls import path
3 from doctorapp import views
4 from django.conf.urls.static import static
5 from doctors import settings
6 urlpatterns = [
7     path('admin/', admin.site.urls),
8     path('helloworld/', views.hello),
9     path('index/', views.index),
10    path('base/', views.base),
11    path('reg/', views.reg1),
12    path('view/', views.viewdatas),
13    path('reg2/', views.reg2),
14    path('dept/', views.department),
15    path('doc/', views.doctors)
16 ]
17 if settings.DEBUG:
18     urlpatterns+=static(settings.MEDIA_URL, document_root=settings.MEDIA_ROOT)
```
